Dear Parents and Guardians,

Along with our amazing special education staff, we will be providing support for your student, working with their classroom teacher, and ensuring that they have all of their accommodations in place according to their IEP. We look forward to working with your student and would love to keep in contact with you. Please feel free to call or email any time you have questions about your child's progress, their services, or anything else!

PLAAFPS & Annual Goals

Before your child's Annual ARD, you will receive a copy of their Present Levels of Academic Achievement and Functional Performance (PLAAFP), which will provide information on the skills your child is working on and their current progress. You will also get a copy of their Proposed Annual Goals to review. These goals will be discussed at the ARD, but if you have any questions about them, please feel free to contact your child's case manager before then.

IEP Progress Reports

Each nine weeks, you will receive an IEP Progress Report along with your child's report card. This progress report will provide you with your child's most current progress on their annual goals.
