

Due to a network outage at Region 20 Service Center, txConnect is currently unavailable. They are working to restore this application. We apologize for the inconvenience.

During this outage, student registration will take place via email and Dropbox. Registration forms can be found at the bottom of the registration webpage (<https://www.scuc.txed.net/site/default.aspx?PageID=367>) under **STUDENT REGISTRATION DURING txCONNECT OUTAGE** or they can be obtained by emailing the campus registrar at the email address listed below. At this time, you will disregard any steps involving txConnect during the registration process.

After the forms have been completed and you have gathered all required documents, you will email the campus at the email listed below to request a secure Dropbox link so that you can submit your forms and documents. Once the campus receives all required documents and completed forms, the registrar will be able to complete the enrollment process for your student.

Once the txConnect application is available, the registrar will email you your student's Portal ID and instructions on creating a txConnect account, adding your student and completing the data verification portion of the registration process.

Thank you for your patience and understanding as we wait for txConnect to be available!
