

### Mission statement- Yearbook

We the people of the *Stampede*, will make all deadlines on time will adequate spreads that are nothing but accurate and honest. We the staff will make sure most of the school population is included in the book at least once. Also, as an editor I will mentor the younger staff members and make sure they're experienced in every field of yearbook and can pass on the torch to the new members that come in after them. The 2019-2020 yearbook will be made with the most utmost efficiency and accuracy.
